

# Declaration of Conformity (PPWR)

This declaration confirms that the below-mentioned product complies with the applicable requirements of the Packaging and Packaging Waste Regulation (2025/40/EU).

|                  |                  |
|------------------|------------------|
| Document ID      | AO-PPWR-35100032 |
| Version          | 01               |
| Date of Issue    | 2026-08-12       |
| Last Review Date | 2026-08-12       |

## 1. Economic Operator

|                |                                       |
|----------------|---------------------------------------|
| Role           | Manufacturer                          |
| Company Name   | AllOffice Nordic AB                   |
| Address        | Hästmarksvägen 12, 891 38 Örnköldsvik |
| Contact Person | Per Hansson                           |
| Phone          | 020 - 45 50 50                        |
| Email          | ppwr@alloffice.se                     |

## 2. Product Identification

|                                                  |                                                                                                                 |
|--------------------------------------------------|-----------------------------------------------------------------------------------------------------------------|
| Article Number                                   | 35100032                                                                                                        |
| Product Name                                     | Lamineringsficka AllOffice 2x80mic Klar A4 100/fp                                                               |
| Supplier Article Number                          | 7011000                                                                                                         |
| Product Type                                     | Lamineringsfickor                                                                                               |
| Description<br>(If not clear from product name)  |                                                                                                                 |
| Scope (packaging)<br>Primary/Secondary/Transport | First packing: pp bag / Secondary packing: 400gsm grey paper board / Transport packing: double corrugated paper |

## 3. Material Composition

|                                                |         |
|------------------------------------------------|---------|
| Total Packaging Weight (g)                     | 604     |
| Plastic (%)                                    | 0,0099  |
| Paper/Cardboard (%)                            | 0,9901  |
| Metal (%)                                      | 0       |
| Other (%)                                      | 0       |
| Recycled Content (%)<br>(Applicable from 2030) | Unknown |

#### 4. PPWR Compliance Requirements

Based on current available requirements. Certain requirements become fully binding from 2030 but data collection and alignment are required earlier.

|                                                                            |                                                     |
|----------------------------------------------------------------------------|-----------------------------------------------------|
| <b>Design for Recycling</b><br>(method/reference)                          | Unknown                                             |
| <b>Recyclability performance class</b><br>(Applicable from 2030)           | Recyclability performance                           |
| <b>Packaging minimization applied</b><br>Yes/No                            | Yes                                                 |
| <b>Reuse/ Refill System</b><br>Yes/No (description) (Applicable from 2028) | Yes                                                 |
| <b>Labeling Compliance</b><br>Yes/No (Applicable from 2028)                | No label                                            |
| <b>Waste Reduction Measures</b>                                            | Make the packaging fit product size to reduce waste |

#### 5. Substance and Chemical Compliance

|                                          |                                      |
|------------------------------------------|--------------------------------------|
| <b>REACH (SVHC) Compliance</b><br>Yes/No | Yes                                  |
| <b>Heavy Metals Compliance</b><br>Yes/No | Some materials meet the requirements |
| <b>PFAS Present</b><br>Yes/No            | No                                   |
| <b>Other substances of concern</b>       | Not entirely certain                 |

#### 6. Data Source and Verification

|                                                 |                       |
|-------------------------------------------------|-----------------------|
| <b>Data Source</b><br>(Supplier/ Tested)        | Supplier certificates |
| <b>Supplier Declaration available</b><br>Yes/No | Yes                   |
| <b>Third Party Verification</b><br>Yes/No       | Yes                   |

#### 7. Supporting Documentation

Technical documentation, test reports, or certificates is available upon request.

#### 8. Conformity Statement PPWR

We declare under our sole responsibility that the packaging described above complies with all applicable requirements of Regulation (EU) 2025/40 relevant to the product. This includes compliance with relevant provisions, including but not limited to:

- Article 5 (Substances of concern and restrictions)
- Articles 6, 7 and 8 (Design for recycling and recyclability requirements, where applicable)
- Article 10 (Packaging minimization)
- Article 12 (Labelling requirements, where applicable)
- Articles 38–39 (Declaration of Conformity and technical documentation obligations)

## 9. Signatory

Signed on behalf of the company:
