| Product Type                                     | Räknare                                                                                                                                   |
| Description<br>(If not clear from product name)  |                                                                                                                                           |
| Scope (packaging)<br>Primary/Secondary/Transport | First packaging: 350gsm CCNB paperboard+pvc / Secondary packaging: single corrugated paper / Transport packaging: double corrugated paper |

## 3. Material Composition

|                                                |       |
|------------------------------------------------|-------|
| Total Packaging Weight (g)                     | 3490  |
| Plastic (%)                                    | 13,93 |
| Paper/Cardboard (%)                            | 86,07 |
| Metal (%)                                      | 0     |
| Other (%)                                      | 0     |
| Recycled Content (%)<br>(Applicable from 2030) | 757   |

#### 4. PPWR Compliance Requirements

Based on current available requirements. Certain requirements become fully binding from 2030 but data collection and alignment are required earlier.

|                                                                            |                                        |
|----------------------------------------------------------------------------|----------------------------------------|
| <b>Design for Recycling</b><br>(method/reference)                          | Not assessed                           |
| <b>Recyclability performance class</b><br>(Applicable from 2030)           | Not assessed                           |
| <b>Packaging minimization applied</b><br>Yes/No                            | Yes                                    |
| <b>Reuse/ Refill System</b><br>Yes/No (description) (Applicable from 2028) | No                                     |
| <b>Labeling Compliance</b><br>Yes/No (Applicable from 2028)                | Yes                                    |
| <b>Waste Reduction Measures</b>                                            | Make packing material fit product size |

#### 5. Substance and Chemical Compliance

|                                          |     |
|------------------------------------------|-----|
| <b>REACH (SVHC) Compliance</b><br>Yes/No | Yes |
| <b>Heavy Metals Compliance</b><br>Yes/No | Yes |
| <b>PFAS Present</b><br>Yes/No            | No  |
| <b>Other substances of concern</b>       | No  |

#### 6. Data Source and Verification

|                                                 |          |
|-------------------------------------------------|----------|
| <b>Data Source</b><br>(Supplier/ Tested)        | Supplier |
| <b>Supplier Declaration available</b><br>Yes/No | Yes      |
| <b>Third Party Verification</b><br>Yes/No       | Yes      |

#### 7. Supporting Documentation

Technical documentation, test reports, or certificates is available upon request.

#### 8. Conformity Statement PPWR

We declare under our sole responsibility that the packaging described above complies with all applicable requirements of Regulation (EU) 2025/40 relevant to the product. This includes compliance with relevant provisions, including but not limited to:

- Article 5 (Substances of concern and restrictions)
- Articles 6, 7 and 8 (Design for recycling and recyclability requirements, where applicable)
- Article 10 (Packaging minimization)
- Article 12 (Labelling requirements, where applicable)
- Articles 38–39 (Declaration of Conformity and technical documentation obligations)

## 9. Signatory

Signed on behalf of the company:
