

# Document shredders DAHLE 706

- Team document shredder for professional use
- Door open wide for easy emptying of waste container
- Intuitive, user-friendly illuminated control panel with audio signals
- Device shuts down automatically after 30 minutes without use
- Electronic start and stop function controlled by integrated light barrier
- Automatic paper reverse function clears excess paper
- Convenient feeding and reversing function for manual control
- Automatic safety shut-off when the waste container is full or the door is open
- Optical waste level indicator
- High-quality solid steel cutting rollers made of special steel for guaranteed long lifetime
- All models with security levels P- 6 and P-7 feature integrated oil tank for regular automatic oiling of cutting rollers
- Pull-out waste container
- Powerful motor ensures high performance and longer run times
- Extremely quiet operation
- Convenient swivel castors, two of which are lockable, with 5 cm ground clearance for greater mobility
- Easy-to-reach main switch on rear of device
- Practical cold-device plug can be detached from document shredder
- 5-year guarantee on cutting rollers for models with security levels P-6 and P-7

\* Maximum number of DIN A4 sheets that can be shredded in a single load under the following conditions: new cutting rollers (oiled if necessary), cold motor, power supply with rated voltage and rated frequency (230V/50Hz; 120V/60Hz). Sheet capacity may be lower and operating noise higher under different conditions. Sheet capacity may also vary due to sheet characteristics and paper feed.
